

NON electrical compressed air vac for ATEX zoned areas

A15 is available in all stainless steel ATEX approved versions. Certified for the use in Z1/2 and 21/22 (GAS and DUST).

This is essential when no electricity is allowed such as refineries, chemical-, paint-, steel industries. The NON electrical compressed air machines can also be a valid and an economical alternative to other Z1/21 approved electrical machines (3-phases).

PRODUCT FACTS

- NON electrical, compressed air vacuum cleaners.
- ATEX approved for use in Zone 1/2 and 21/22. GAS and DUST.
- All stainless steel construction.
- Flexible in use, wet and dry pickup, also in ATEX!
